

Value | £16k

Client | Berkeley Homes

Main Contractor | Apex Contractors

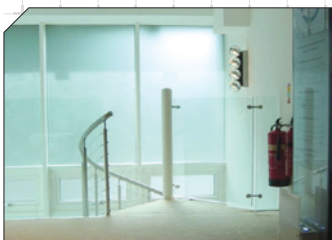

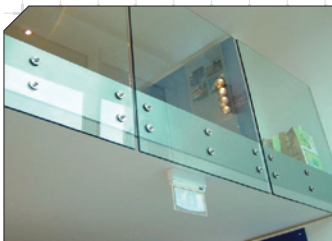

Architect | ATTOL & MIDAS

Scope | Design, Supply and fit Spiral staircase and glass balustrade to Concierge

A contemporary spiral staircase utilising our formed tread trays for screed infill and final floor finish, carbon steel and polyester powder coated. Stainless wire rope infills with stainless steel handrail and 100mm riser infills..

Facility Information

15mm thick glass balustrade panels to the first floor mezzanine offices were fixed to the edge of slab, panel edges polished with no additions – giving a very minimalist look.
